### PROXY STATEMENT

We are furnishing this proxy statement in connection with the solicitation by our board of directors of proxies for use at the annual meeting of shareholders to be held at President Place, 6th Floor, Cnr. Jan Smuts Avenue and Bolton Road, Rosebank, Johannesburg, South Africa on October 31, 2012 at 16h00, local time. Our annual report on Form 10-K and our proxy materials were first mailed on or about October 3, 2012.

### VOTING RIGHTS AND PROCEDURES

Shareholders who owned our common stock at the close of business on October 1, 2012, the record date, may attend and vote at the annual meeting. Each share is entitled to one vote. There were 45,600,471 shares of common stock outstanding on the record date.

A majority of the total number of outstanding shares of common stock, present either in person or by proxy, will constitute a quorum for the transaction of business at the annual meeting. Shareholders who are present at the annual meeting in person or by proxy and who abstain, and proxies relating to shares held by a bank or broker on your behalf (that is, in “street name”), that are not voted (referred to as “broker non-votes”) will be treated as present for purposes of determining whether a quorum is present. In the event that there are not sufficient votes to approve any proposal at the annual meeting, the annual meeting may be adjourned in order to permit the further solicitation of proxies. The inspector of election appointed for the annual meeting will tabulate all votes and will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

The following describes how you may vote on each proposal and the votes required for approval of each proposal:

- *Proposal No. 1*—Our six director nominees will be elected by a plurality of votes. You may vote for each director nominee or withhold your vote from one or more of the nominees. Withholding a vote as to any director nominee is the equivalent of abstaining. In an uncontested election such as this, abstentions and broker non-votes have no effect, since approval by a specific percentage of the shares present or outstanding is not required.
- *Proposal No. 2*—The ratification of the selection of Deloitte & Touche (South Africa) to act as our independent registered public accounting firm will be approved if the votes cast in favor of the proposal exceed the number of votes cast against the proposal. You may vote for or against the proposal or you may abstain from voting. Abstentions and broker non-votes will not affect the outcome of the vote.
- *Proposal No. 3*— The advisory vote to approve executive compensation will be approved if the votes cast in favor of the proposal exceed the number of votes cast against the proposal. You may vote for or against the proposal or you may abstain from voting. Abstentions and broker non-votes will not affect the outcome of the vote.

If you provide your voting instructions on your proxy, your shares will be voted as you instruct, and according to the best judgment of the persons named in the proxy if a proposal comes up for a vote at the annual meeting that is not on the proxy.

If you do not indicate a specific choice on a proxy that you sign and submit, your shares will be voted:

- FOR each of the director nominees;
- FOR the ratification of the selection of Deloitte & Touche (South Africa) as our independent registered public accounting firm; and
- FOR the approval of executive compensation.

If your shares are held in “street name,” and you do not instruct the bank or broker as to how to vote your shares on Proposals 1 or 3, the bank or broker may not exercise discretion to vote for or against those proposals. This would be a “broker non-vote” and these shares will not be counted as having been voted on the applicable proposal. With respect to Proposal 2, the bank or broker may exercise its discretion to vote for or against that proposal in the absence of your instruction. **Please instruct your bank or broker so your vote can be counted.**

**The Board of Directors recommends:**

- a vote **FOR** each of the director nominees;
- a vote **FOR** ratification of Deloitte & Touche (South Africa) as our independent registered public accounting firm;
- a vote **FOR** the approval of executive compensation.

**Revocability of Proxies**

You may revoke your proxy at any time prior to exercise of the proxy by delivering a written notice of revocation or a duly executed proxy with a later date by mail to our corporate secretary at Net 1 UEPS Technologies, Inc., P O Box 2424, Parklands 2121, Gauteng, South Africa, attending the meeting and voting in person. If you hold shares through a bank or brokerage firm, you must contact that firm to revoke any prior voting instructions.

**Internet Availability of Proxy Materials and Annual Report**

A complete set of proxy materials relating to our annual meeting is available on the Internet. These materials, consisting of the Notice of Annual Meeting and Proxy Statement, including proxy card, and annual report, may be viewed and downloaded at <http://materials.proxyvote.com/64107N>

**Market Information**

Our common stock is listed on The Nasdaq Global Select Market, or Nasdaq, in the United States under the symbol “UEPS” and on the JSE Limited, or JSE, in South Africa under the symbol “NT1.” The Nasdaq is our principal market for the trading of our common stock. Our transfer agent in the United States is Computershare Shareowner Services LLC, 480 Washington Blvd, Jersey City, New Jersey, 07310. Our transfer agent in South Africa is Link Market Services South Africa (Pty) Ltd (“Link Market”), 13th Floor, Rennie House, 19 Ameshoff Street, Braamfontein, 2001, South Africa.

## **Special Instructions to South African Shareholders**

We are required to comply with certain South African regulations related to circulation and tabulation of proxies issued to our South African shareholders. The proxy form marked “Net 1 UEPS Technologies, Inc. Proxy for Shareholders Registered on South African Branch Register” must be used by South African shareholders. The South African proxy must be lodged, posted or faxed to Link Market so as to reach them by 16:00 on October 29, 2012. South African shareholders that have already dematerialized their shares through a CSDP or broker, other than with own-name registration, should not complete the South African proxy. Instead they should provide their CSDP or broker with their voting instructions, or alternatively, they should inform their CSDP or broker of their intention to attend the annual meeting in order for their CSDP or broker to be able to issue them with the necessary authorization to enable them to attend such meeting. South African shareholders that hold their shares in certificated form or dematerialized own-name registration should complete the South African proxy and return it to Link Market.

## **Solicitation**

We will bear the entire cost of the solicitation, including the preparation, assembly, printing and mailing of this proxy statement, including the proxy card and any additional solicitation materials furnished to our shareholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. We may reimburse these persons for their reasonable expenses in forwarding solicitation materials to beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by personal contacts, telephone, facsimile, electronic mail or any other means by our directors, officers or employees. No additional compensation will be paid to our directors, officers or employees for performing these services. Except as described above, we do not presently intend to solicit proxies other than by mail.

## **PROPOSALS TO BE VOTED ON AT THE ANNUAL MEETING**

### **PROPOSAL NO. 1: ELECTION OF DIRECTORS**

The terms of office of each of our current directors will expire at the annual meeting. The Board has determined to nominate for re-election each of our six current directors (see “Information Regarding the Nominees” for information on all directors) for a one-year term.

The persons named in the enclosed proxy intend to vote properly executed and returned proxies **FOR** the election of all nominees proposed by the Board unless authority to vote is withheld. In the event that any nominee is unable or unwilling to serve, the persons named in the proxy will vote for such substitute nominee or nominees as they, in their discretion, shall determine. The Board has no reason to believe that any nominee named herein will be unable or unwilling to serve.

## **PROPOSAL NO. 2: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board has proposed that Deloitte & Touche (South Africa) be selected to serve as independent registered public accounting firm for the fiscal year ending June 30, 2013. A representative of Deloitte is expected to be present at the annual meeting. Such representative will have an opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions from shareholders. Deloitte currently serves as our independent registered public accounting firm.

We are asking our shareholders to ratify the selection of Deloitte as our independent registered public accounting firm for the fiscal year ending June 30, 2013. Although ratification is not required by our by-laws or otherwise, the Board is submitting the selection of Deloitte to our shareholders for ratification as a matter of good corporate practice. In the event our shareholders fail to ratify the appointment, the Audit Committee may reconsider this selection. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the best interests of our shareholders.

**The Board recommends a vote FOR ratification of the selection of Deloitte.**

### **PROPOSAL NO. 3: AN ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION**

We are providing you with the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our executive officers named in the Summary Compensation Table under “Executive Compensation,” whom we refer to as our “named executive officers” or NEOs. This proposal, which is commonly referred to as “say on pay,” is required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, which added Section 14A to the Securities Exchange Act of 1934, or Exchange Act.

The philosophy of our executive compensation program is to link compensation to the achievement of our key strategic and financial goals. Therefore, we reward our executives for their contributions to our annual and long-term performance by tying a significant portion of their total compensation to key drivers of increased shareholder value. At the same time, we believe our program does not encourage excessive risk-taking by management. The “Executive Compensation” section of this proxy statement beginning on page 14, including the “Compensation Discussion and Analysis,” describes in detail our executive compensation program and the decisions made by the Board’s Remuneration Committee with respect to our fiscal year ended June 30, 2012.

The Board is asking shareholders to cast a non-binding advisory vote on the following resolution:

**“Resolved, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to the disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narrative discussions, is approved on a non-binding advisory basis.”**

Because your vote is advisory, it will not be binding upon the Board or the Remuneration Committee. However, the Board and the Remuneration Committee value the opinions expressed by our shareholders and will consider the outcome of the vote when considering future executive compensation decisions.

**The Board recommends a vote FOR approval of the compensation of our named executive officers.**

## **BOARD OF DIRECTORS AND CORPORATE GOVERNANCE**

### **MEETINGS OF THE BOARD AND DIRECTOR INDEPENDENCE**

Our Board typically holds a regular meeting once every quarter and holds special meetings when necessary. During the fiscal year ended June 30, 2012, our Board held a total of five meetings. All of the directors who served during our 2012 fiscal year attended 100% of the meetings of the Board except for Mr. Edwards who only attended three meetings. Mr. Mosehla attended all meetings of the Board since his appointment in February 2012. All of the directors attended 100% of the aggregate number of meetings of those committees of the Board on which such director served during the year, except for Mr. Edwards who attended four of our seven Audit Committee meetings and three of our four Remuneration Committee meetings. We encourage each member of the Board to attend the annual meeting of shareholders, but have not adopted a formal policy with respect to such attendance.

All of our directors who served during fiscal 2012 attended last year’s annual meeting, except Mr. Mosehla. The non-management directors meet regularly without any management directors or employees present. These meetings are held on the day of or day preceding other Board or committee meetings.

The Board annually examines the relationships between the Company and each of our directors. After this examination, the Board has concluded that Messrs. Seabrooke, Pein and Edwards are “independent” as defined under Nasdaq Rule 5605(a)(2) and under Rule 10A-3(b)(1) under the Exchange Act, as that term relates to membership on the Board and the various Board committees. Mr. Mosehla is an “independent” director as defined under Nasdaq rules but is not eligible to serve on our Audit Committee, under Rule 10A-3(b)(1), due to the number of shares issuable upon exercise of the option granted to Business Venture Investments No 1567 (Proprietary) Limited (RF) (“BVI”) pursuant to our Black Economic Empowerment transaction.

- the qualifications and independence of our registered public accounting firm;
- the performance of our independent auditors and of the internal audit function;
- the accounting and financial reporting processes and the audits of our financial statements; and

### **Remuneration Committee**

The Remuneration Committee comprises Messrs. Pein, Seabrooke and Edwards, with Mr. Pein acting as the chairperson. The Remuneration Committee held four meetings during the 2012 fiscal year. The Remuneration Committee has the following principal responsibilities, authority and duties:

- review and approve performance goals and objectives relevant to the compensation of all our executive officers, evaluate the performance of each executive officer in light of those goals and objectives, and set each executive officer’s compensation, including incentive-based and equity-based compensation, based on such evaluation;
- make recommendations to the Board with respect to incentive and equity-based compensation plans;
- review and make recommendations to the Board regarding compensation-related matters outside the ordinary course, including but not limited to employment contracts, change-in-control provisions and severance arrangements;

- review annually and make recommendations to the Board regarding director compensation;
- assist management in developing and, when appropriate, recommend to the Board, the design of compensation policies and plans;
- review and discuss with management the disclosures in our “Compensation Discussion and Analysis” and any other disclosures regarding executive compensation to be included in our public filings or shareholder reports; and
- recommend to the Board whether the Compensation Discussion and Analysis should be included in our proxy statement, Form 10-K, or information statement, as applicable, and prepare the related report required by the rules of the SEC.

A copy of our Remuneration Committee charter is available without charge on our website, [www.net1.com](http://www.net1.com) under the “Investor Relations – Governance” section.

### **Nominating and Corporate Governance Committee**

The Nominating and Corporate Governance Committee comprises Messrs. Seabrooke, Pein and Edwards, with Mr. Seabrooke acting as the chairperson. The Nominating and Corporate Governance Committee held one meeting during the 2012 fiscal year. The principal duties and responsibilities of the Nominating and Corporate Governance Committee are as follows:

- monitor the composition, size and independence of the Board;
- establish criteria for Board and committee membership and recommend to our Board proposed nominees for election to the Board and for membership on each committee of the Board;

- review our Corporate Governance Guidelines annually and recommend changes, as appropriate, for review and approval by the Board; and
- make recommendations to the Board regarding management succession planning and corporate governance best practices.

A copy of our Nominating and Corporate Governance Committee charter is available without charge on our website, [www.net1.com](http://www.net1.com) under the “Investor Relations – Governance” section.

## **BOARD LEADERSHIP STRUCTURE AND BOARD OVERSIGHT OF RISK**

### **Board Leadership**

Our Board of Directors is led by our Chairman, Dr. Serge Belamant, who is also our Chief Executive Officer. The Board believes that Dr. Belamant’s service as both Chairman of the Board and Chief Executive Officer is in our best interests and the best interests of our shareholders.

A combined Chairman and Chief Executive Officer leadership structure is commonly utilized by public companies in the United States, and our Board believes that this leadership structure has been effective for us and minimizes the potential for duplication of efforts and conflict of roles. Dr. Belamant possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing us, and is thus better positioned than a non-employee chairman to focus the Board’s time and attention on the matters that are most critical to us. Additionally, having one person serve as both Chairman of the Board and Chief Executive Officer enables decisive leadership, ensures clear accountability and enhances our ability to communicate our message and strategy clearly and consistently to our shareholders, employees, customers and suppliers.

While our Bylaws do not require that the roles of Chairman of the Board and Chief Executive Officer be filled by the same person, our Board believes that having Dr. Belamant fill both positions is the appropriate leadership structure for us.

We do not have a lead director. The Board believes that all of our independent directors are active and engaged Board members and that a number of them fulfill a lead director role at various times depending upon the particular issues involved. Further, Mr. Seabrooke, who is the Chairman of both the Nominating and Corporate Governance Committee and the Audit Committee and is a member of the Remuneration Committee, presides over all executive sessions of the independent directors.

### **The Board’s Role in Risk Oversight**

Managing risk is an ongoing process inherent in all decisions made by management. The Board of Directors discusses risk throughout the year, particularly at Board meetings when specific actions are considered for approval. The Board of Directors has ultimate responsibility to oversee our enterprise risk management program. This oversight is conducted primarily through various committees of the Board as described below.

Our Enterprise Risk Management Committee is responsible for identifying, assessing, prioritizing and developing action plans to mitigate the material business, operational and strategic risks affecting us.

The Enterprise Risk Management Committee comprises our Chief Executive Officer (who serves as chair), Chief Financial Officer and Group Compliance Officer. Meetings of the Enterprise Risk Management Committee are also attended by the leaders of our various business units. The Enterprise Risk Management Committee meets and reports to the Audit Committee semi-annually.

The Audit Committee directly provides oversight of risks relating to the integrity of our consolidated financial statements, internal control over financial reporting and the internal audit function. The Remuneration Committee oversees the management of risks related to our executive compensation program. The Nominating and Corporate Governance Committee oversees the management of risks related to management succession planning.

#### **REMUNERATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

None of the members of our Remuneration Committee has at any time been one of our officers or employees. None of our executive officers serves or in the past has served as a member of the Board or remuneration committee of any entity that has one or more of its executive officers serving on our Board or our Remuneration Committee.

#### **NOMINATIONS PROCESS AND DIRECTOR QUALIFICATIONS**

The Nominating and Corporate Governance Committee reviews with the Board the skills and characteristics required of Board members. Our Corporate Governance Guidelines provide that the committee will consider a candidate's independence, as well as the perceived needs of the Board and the candidate's background, skills, business experience and expected contributions. At a minimum, members of the Board must possess the highest professional ethics, integrity and values, and be committed to representing the long-term interests of our shareholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. The committee may also take into account the benefits of diversity in candidates' viewpoints, background and experience, as well as the benefits of constructive working relationships among directors. Other than as set forth in our Corporate Governance Guidelines, the committee does not have a formal policy with respect to diversity.

The Nominating and Corporate Governance Committee also reviews and determines whether existing members of the Board should stand for re-election, taking into consideration matters relating to the number of terms served by individual directors, the ability of an individual director to devote the appropriate level of time and attention to Board duties in light of other positions he holds (including other directorships) and the changing needs of the Board. We do not have a limit on the number of terms an individual may serve as a director on our Board.

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The committee regularly assesses the appropriate composition, size and independence of the Board, and whether any vacancies are expected due to change in employment or otherwise. In the event that vacancies are anticipated, or otherwise arise, the committee considers various potential candidates for director. Candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. The committee will consider shareholder recommendations for candidates for the Board that are properly submitted in accordance with Section 4.16 of our by-laws in the same manner it considers nominees from other sources. In evaluating such recommendations, the committee will use the qualifications standards described above and will seek to achieve a balance of knowledge, experience and capability on the Board.

## **SHAREHOLDER COMMUNICATIONS WITH THE BOARD**

Any shareholder who wishes to communicate directly with the Board may do so via mail or facsimile, addressed as follows:

The Board has adopted a set of corporate governance guidelines. We will continue to monitor our corporate governance guidelines and adopt changes as necessary to comply with rules adopted by the SEC and Nasdaq, and to conform to best industry practice. This monitoring will include comparing our existing policies and practices to policies and practices suggested by various groups or authorities active in corporate governance and the practices of other public companies. A copy of our corporate governance guidelines is available on our website at [www.net1.com](http://www.net1.com) under the “Investor Relations – Governance” section.

## **CODE OF ETHICS**

The Board has adopted a written code of ethics, as defined in the regulations of the SEC. We require all directors, officers, employees, contractors, consultants and temporary staff, including our Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer or controller and other senior personnel performing similar functions, to adhere to this code in addressing the legal and ethical issues encountered in conducting their work. Our code of ethics requires avoidance of conflicts of interest, compliance with all laws and other legal requirements, conduct of business in an honest and ethical manner, integrity and actions in our best interest. Directors, officers and employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the code. The Sarbanes-Oxley Act of 2002 requires companies to have procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. We currently have such procedures in place. A copy of our code of ethics is available upon request made either by mail to our corporate secretary at Net 1 UEPS Technologies, Inc., P O Box 2424, Parklands 2121, Gauteng, South Africa or by telephone to our Investor Relations Department at + 1 212-626-6675. A copy of our code of ethics is also available free of charge on our website at [www.net1.com](http://www.net1.com) under the “Investor Relations – Governance” section.

(7) Mr. Tinsley resigned on June 30, 2012, and forfeited 5,976 shares of restricted stock that had not vested as of that date.

The Board made determinations of fiscal 2012 total compensation based on analysis of the annual compensation of non-employee directors of US- and UK-listed transaction processor companies with a range of market equity capitalizations above, below and comparable to ours. The peer group comprised: Fiserv Inc., Heartland Payment Systems, Inc., Global Payments Inc., Wright Express Corporation, Euronet Worldwide, Inc., Total System Services, Inc., Verifone Systems, Inc., Jack Henry & Associates, Inc. and Sage Group plc. This peer group is similar to the peer group used to determine our executive officers' compensation.

During fiscal 2012, Mr. Tinsley served as a director pursuant to an agreement between us and investment entities affiliated with General Atlantic LLC, or GA. Under this agreement, we are required to reimburse the travel and accommodation expenses incurred in connection with his attendance at our Board and committee meetings. Mr. Tinsley did not claim any reimbursements in the fiscal 2012 year.

These options are all currently exercisable and expire on August 24, 2016.

## EXECUTIVE COMPENSATION

### ANALYSIS OF RISK IN OUR COMPENSATION STRUCTURE

As part of its responsibilities to annually review all incentive compensation and equity-based plans, and evaluate whether the compensation arrangements of our employees incentivize unnecessary and excessive risk-taking, the Remuneration Committee evaluated the risk profile of our compensation policies and practices for fiscal 2012 and concluded that they do not motivate imprudent risk taking. In its evaluation, the Remuneration Committee reviewed our employee compensation structures, and noted numerous design elements that manage and mitigate risk without diminishing the incentive nature of the compensation, including:

- a balanced mix between cash and equity, and annual and longer-term incentives;
- caps on incentive awards at reasonable levels;
- linear payouts between target levels with respect to annual cash incentive awards;
- discretion on individual awards, particularly in special circumstances; and
- long-term incentives.

The Remuneration Committee also reviewed our compensation programs for certain design features that may have the potential to encourage excessive risk-taking, including: over-weighting towards annual incentives, highly leveraged payout curves, unreasonable thresholds, and steep payout cliffs at certain performance levels that may encourage short-term business decisions to meet payout thresholds. The Remuneration Committee concluded that our compensation programs do not include such elements.

In addition, the Remuneration Committee analyzed our overall enterprise risks and how compensation programs may impact individual behavior in a manner that could exacerbate these enterprise risks. For this purpose, the Remuneration Committee considered our growth and return performance, volatility and leverage. In light of these analyses, the Remuneration Committee concluded that it has a balanced pay and performance program that does not encourage excessive risk-taking that is reasonably likely to have a material adverse effect on us. We believe our compensation programs encourage and reward prudent business judgment and appropriate risk-taking over the long term.

## COMPENSATION DISCUSSION AND ANALYSIS

### Fiscal 2012 Compensation Summary

- Base salary—Dr. Serge Belamant, our Chief Executive Officer, and Mr. Herman Kotzé, our Chief Financial Officer, received an increase of 5% and 6%, respectively, from fiscal 2011. Mr. Oh, KSNET's Chief Executive Officer, and Mr. Nitin Soma, our Vice-President – Information Technology, did not receive base salary increases. Base salary represents a significant portion of compensation, given the highly cash-generative nature of our business;
- Cash incentive awards—In October 2011, we established a cash incentive award plan for fiscal 2012 for Dr. Belamant and Mr. Kotzé that linked payment to the achievement of specific financial performance (quantitative) goals, both on a business unit and company-wide basis, and operational (qualitative) goals. Based on our fiscal 2012 financial performance, each of Dr. Belamant and Mr. Kotzé received 48% of the potential target amount of the quantitative portion of the award for each executive, which was paid based on partial achievement of the specified quantitative goals. Dr. Belamant and Mr. Kotzé received 50% of the potential amount of the qualitative portion of the award for each executive for their achievement of specified operational goals as a result of their submission to the Board of a new strategic plan outlining alternative business scenarios with an analysis of each scenario and their visit to the United States to visit shareholders and investors. President Oh received 100% of his annual guaranteed bonus under the terms of his employment agreement. We describe our cash incentive award plan and the Remuneration Committee's decisions in more detail below under "Elements of 2012 Compensation" on page 20;
- Bonus—Mr. Soma received a bonus of \$72,000 for fiscal 2012;
- Stock-based awards—We made an annual award of stock options with time-based vesting provisions to a group that included Dr. Belamant and Messrs. Kotzé and Soma. Mr. Oh, the president of KSNET, was compensated solely under the terms of his employment agreement;
- Special cash bonus and restricted stock award related to new SASSA contract—On February 8, 2012, we awarded a special cash bonus of \$2,000,000 to Dr. Belamant, \$1,200,000 to Mr. Kotzé, and \$400,000 to Mr. Soma. In addition, we awarded 275,000, 165,000 and 55,000 shares, respectively, of restricted stock to Dr. Belamant, Mr. Kotzé and Mr. Soma, respectively. We describe the special cash bonus and restricted stock award and the Remuneration Committee's decisions in more detail below under "Elements of 2012 Compensation" on page 20.

### Overview

The goal of our executive compensation program is the same as our goal for operating the company—to create long-term value for our shareholders. To achieve this goal, we seek to reward our named executive officers for sustained financial and operating performance and leadership excellence, to align their interests with those of our shareholders and to encourage them to remain with us for long and rewarding careers. This section of the proxy statement explains how our compensation program is designed and operates in practice with respect to the four individuals who comprised our named executive officers at the end of our 2012 fiscal year—Dr. Belamant, Mr. Kotzé, Mr. Soma and Mr. Oh. Our named executive officers have the broadest job responsibilities and are the only individuals who have policy-making authority.

Each element of our executive compensation program is designed to fulfill one or more of our performance, alignment and retention objectives. These elements consist of salary, bonus and both equity and non-equity incentive compensation. Each named executive officer receives one or more, but not necessarily all, of these elements. In determining the type and amount of compensation for each executive officer, we focus on both current pay and the opportunity for future compensation and seek to combine compensation elements so as to optimize his or her contribution to us. We consider the mix of our compensation components from year to year based on our overall performance, an executive’s individual contributions, and compensation practices of other US- and UK-based public companies including companies in our “peer group” described below. We do not have an exact formula for allocating between cash and non-cash compensation. We do, nonetheless, provide for a balanced mix of compensation components that are designed to encourage and reward behavior that promotes shareholder value in both the short and long term.

The chart below illustrates the mix of the elements of the 2012 compensation program we established for our named executive officers, using target levels for the cash incentive component. See “Elements of 2012 Compensation— Quantitative Portion of the Cash Incentive Award Plan—Potential and Actual Payments” on page 22 for further detail.

**Compensation Objectives**

*Performance.* We reward excellent performance by our named executive officers and motivate them to continue to produce superior, long-term results through a combination of cash bonuses, incentive payments that depend on achievement of pre-defined levels of financial and operating goals and equity awards in the form of stock options or restricted stock that derive their value from increases in our share price and/or satisfaction of other financial and strategic performance goals. Base salary, bonus and non-equity incentive compensation are designed to reward annual achievements and be commensurate with each executive officer’s scope of responsibility, demonstrated ingenuity, dedication, leadership and management effectiveness. Equity incentive compensation generally focuses on achievement of longer term results.

*Alignment.* We seek to align the interests of our named executive officers with our shareholders by evaluating them on the basis of financial and non-financial measurements that we believe ultimately drive long-term shareholder value. In particular, for the past several years, we have established an annual cash incentive award plan for Dr. Belamant and Mr. Kotzé. The financial measures related to our cash incentive award plan are:

- Growth in KSNET EBIT: due to the significant investment represented by the KSNET acquisition, we measure KSNET EBIT on a stand-alone basis;
- Growth in revenue: we focused on revenue growth of our company as a whole (other than our pension and welfare business and KSNET);
- Achievement of fundamental diluted earnings per share targets: we have set fundamental diluted earnings per share targets. “Fundamental diluted earnings per share” is diluted earnings per share determined in accordance with generally accepted accounting principles, adjusted to exclude the amortization of acquisition-related intangible assets, net of deferred taxes, stock-based compensation charges and unusual non-recurring or non-cash items (that the Remuneration Committee may determine in its discretion to be appropriate).

Non-financial measures include the achievement of strategic and operational goals. The elements of our compensation package that we believe align these interests most closely are a combination of annual quantitative and qualitative cash compensation awards, stock option awards which increase in value as our stock price increases and restricted stock awards which vest over time and are granted or become vested upon the satisfaction of specified performance goals.

*Retention.* The Remuneration Committee recognizes that the talent pool in South Africa is more limited than in other more developed countries. In addition, the long tenure of our South Africa-based management team, in particular, Dr. Belamant and Messrs. Kotzé and Soma, has made them especially knowledgeable about our business and industry and thus particularly valuable to us. Dr. Belamant in particular has intricate knowledge of, and has created large parts of the proprietary technology and software deployed by us in our operations, which is an indispensable part of our technological advantage in our various operations and future developments in our growth pipeline. We wish to avoid losing these long-tenured officers and their invaluable knowledge, particularly given how important they are to our future performance. Therefore, retention is a key objective of our executive compensation program. We attempt to retain our named executive officers by seeking to provide a competitive pay package and using continued service as a condition to receipt of full compensation. The extended vesting terms of equity awards have the effect of tying this element of compensation to continued service with us.

## **Implementing our Objectives**

*Process for Determining Compensation.* The Remuneration Committee analyzes compensation data of companies that it selects as a peer group to better understand how our pay package compares with those companies. The Remuneration Committee then uses this knowledge to develop our executive compensation program based on its judgment of what is appropriate and necessary to fulfill and maintain our staffing needs. As described in more detail below, it considers internal pay equity as between the chief executive officer and the chief financial officer and uses a formulaic approach to set the chief financial officer’s compensation relative to the chief executive officer’s compensation but does not do so for the other named executive officers.

The peer group selected by the Remuneration Committee comprises a broad spectrum of companies, which range significantly in size from a revenue, profitability and enterprise value perspective. The peer group consists of payment processing companies generally considered comparable to us in terms of their businesses (such as being a payment systems provider) as well as other companies within other parts of the information technology sector and those engaged in emerging markets.

Our peer group, which includes both US and UK listed companies, consists of the following companies: Fiserv Inc., Heartland Payment Systems, Inc., Global Payments Inc., Wright Express Corporation, Euronet Worldwide, Inc., Total System Services, Inc., Verifone Systems, Inc., Jack Henry & Associates, Inc. and Sage Group plc.

The Remuneration Committee's process for determining compensation includes an analysis of all elements of compensation. The Remuneration Committee compares these compensation components separately and in total to compensation at the peer group companies, taking into account, among other things, the relative market capitalizations of Net1 and the members of the peer group. The Remuneration Committee sets the compensation of Mr. Kotzé based on the total compensation package of Dr. Belamant. Since the role played by Mr. Kotzé is significantly broader than that of a typical chief financial officer, the Remuneration Committee's goal is to set this package at approximately 45% to 65% of Dr. Belamant's total compensation package. Because the Remuneration Committee considers international comparables in its compensation analysis for both Dr. Belamant and Mr. Kotzé, their total compensation packages are denominated in US dollars. Because Mr. Soma's compensation package is derived from the amount of compensation we pay to Mr. Kotzé, his compensation package is also denominated in US dollars. Our executive officers based in South Africa may elect to be paid in a currency other than US dollars, in which case the US dollar amount is converted into ZAR at the exchange rate in effect at the time of payment. In the second quarter of each fiscal year, the Remuneration Committee establishes base salaries and sets the short-term cash incentive award plan remuneration targets and payment criteria for our chief and financial officers. Following the end of each fiscal year, the Remuneration Committee determines the annual incentive cash payments and bonuses, if any, to be made to each executive officer based on their and our performance during the fiscal year.

Compensation for fiscal 2012 for Mr. Oh was determined in accordance with his employment agreement. Mr. Oh is paid in Korean won in accordance with the terms of his negotiated employment agreement. Under the employment agreement, he receives a base salary and is entitled to receive a cash incentive payment based upon the achievement of certain targets that are linked to the operating performance of KSNET. We had expected to align KSNET's year end with ours, however, it is not practicable at this stage to make this change. Accordingly, we determined Mr. Oh's cash incentive payment for the twelve month period ended December 2011.

Before the Remuneration Committee makes decisions on compensation for the year, it discusses with Dr. Belamant each executive officer's performance during the year, his or her accomplishments and specific areas of progress. Dr. Belamant bases his evaluation on his knowledge of each executive officer's performance (with due regard to the operational environment) and targets that have been set for a particular performance period. The executive officers are then evaluated based on their individual performance during the fiscal year. Dr. Belamant makes a recommendation to the Remuneration Committee on each executive officer's compensation, except for his own and Mr. Kotzé's compensation. Executive officers do not propose or seek approval for their own compensation. Dr. Belamant's and Mr. Kotzé's annual performance review is developed by the Remuneration Committee as a whole.

The Remuneration Committee also consults with Dr. Belamant and Mr. Kotzé regarding non-executive officer employee compensation and is responsible for approving all awards under our Stock Incentive Plan.

*Equity Grant Practices.* We believe that long-term performance of our company is achieved through a culture that encourages long-term performance by our executive officers through the use of stock and stock-based awards. Accordingly, awards of stock options and restricted stock are a fundamental element in our executive compensation program because they emphasize long-term performance, as measured by creation of shareholder value, and foster a commonality of interest between shareholders and employees. We have granted equity awards through our Stock Incentive Plan which was adopted by our Board of Directors and approved by our shareholders to permit the grant of stock options and other stock-based awards to our employees, directors and consultants. Options granted under the plan vest ratably over a period of three to five years after grant unless otherwise provided in a particular award agreement and have ten-year terms from the date of grant.

In determining the size of an equity award to an executive officer, the Remuneration Committee considers the executive's then current cash total compensation package (which includes salary, potential bonus and cash incentive award plan compensation), any previously received equity awards, the value of the grant at the time of award and the number of shares available for grants pursuant to our Stock Incentive Plan.

We record stock-based compensation charges over the vesting term of the equity award as required under current accounting standards. When awarding equity compensation, management and the Remuneration Committee seek to weigh the cost of these grants with their potential benefits as a compensation tool. We believe that combining grants of stock options and restricted stock effectively balances our objective of focusing our employees, including our named executive officers, on delivering long-term value to our shareholders, with our objective of providing value to our employees with the equity awards. Stock options have value only to the extent that our stock price on the date of exercise exceeds the stock price on the date of grant or any particular minimum share price necessary to vest such options, and thus are an effective compensation tool only if the stock price appreciates during the vesting term. In this sense, stock options are a motivational tool.

*Employment Agreements.* Our South African resident executives are employed on an "at will" basis, without employment agreements, severance payment arrangements (except as required by local labor laws), or payment arrangements that would be triggered by a change in control. The absence of such arrangements enables us to terminate the employment of these named executive officers with discretion as to the terms of any severance arrangement that might be provided upon such termination. This is consistent with our performance-based employment and compensation philosophy. We do have restraint of trade agreements with each of these named executive officers. The terms of these agreements provide that upon the termination of the executive's employment, the executive is restricted, for a period of 24 months, from soliciting business from certain customers, working for or holding interests in our competitors or participating in a competitive activity within the territories where we do business.

However, we do from time to time enter into employment agreements with senior executives of companies that we acquire in connection with and as a condition to the acquisition. Compensation under that initial employment agreement would not ordinarily be determined by reference to peer group comparisons. We entered into an employment agreement with Mr. Oh in October 2010 in connection with our acquisition of KSNET. Under this employment agreement, which expires on June 30, 2014, Mr. Oh receives the following cash compensation: (i) an annual base salary of KRW 375 million for the entire term, (ii) an annual conditional guaranteed bonus of KRW 200 million and (iii) an annual conditional incremental bonus equal to 2.72% of base salary multiplied by an operating profit growth multiple. The annual guaranteed bonus is conditioned on KSNET achieving operating profit in a fiscal year (defined as KSNET net income before interest, taxation and the conditional guaranteed bonus and the conditional incremental bonus), that is greater or equal to operating profit for the immediately preceding fiscal year. Operating profit growth multiple is the amount (expressed in percentage terms), if any, beyond which operating profit in a fiscal year exceeds operating profit for the immediately preceding fiscal year by 15%. The combined conditional guaranteed and incremental bonus is limited to 125% of annual base salary. We agreed that a fiscal year would end in December because we did not change the year end of KSNET from December to June as was initially contemplated when signing the employment agreement with Mr. Oh. Accordingly, Mr. Oh's annual conditional guaranteed and incremental bonuses are calculated on the 12 month period ended December 31, 2011, for the purposes of fiscal 2012.

Under the terms of his employment agreement, Mr. Oh is entitled to participate in national health insurance and the national pension plan provided under the laws of Korea, to receive reimbursement for annual physical examinations for him and his spouse, and to make use of a Company provided car and driver for business and reasonable personal use.

Similar to the restraint of trade agreements that we have with our other named executive officers, Mr. Oh's employment agreement provides that upon the termination of his services with the Company, he is restricted, for a period of 36 months, from soliciting business from certain customers, working for or holding interests in our competitors or participating in a competitive activity within the territories where we do business. The employment agreement also provides for certain payments upon his termination of service by us without just cause, which payments are described below under "Potential Payments Upon Termination or Change-in-Control" on page 29.

*Considerations Regarding Tax Deductibility of Compensation.* Section 162(m) of the US tax code places a limit of \$1 million on the amount of compensation that we may deduct in any one year with respect to our chief executive officer and each of the three most highly compensated executive officers other than our chief executive officer or chief financial officer. Certain qualified performance-based compensation is not subject to this deduction limit. Our stock option awards under the Stock Incentive Plan have been structured with the intention that the compensation the executives will realize when the stock options are exercised will be qualified performance-based compensation not subject to the limitations imposed by Section 162(m). However, to maintain flexibility in compensating our named executive officers in a manner designed to promote our various corporate goals, it is not a policy of the Remuneration Committee that all executive compensation must be tax-deductible. For example, the bonuses and non-equity incentive compensation payments made to our named executive officers are not qualified performance-based compensation and may be subject to the tax deduction limitations imposed by Section 162(m). Similarly, the restricted stock granted to our named executive officers, the vesting of which is conditioned upon the recipient's continued employment with us on the applicable vesting date, may be subject to the tax deductibility limitations imposed by Section 162(m) because there are no performance goals. The Remuneration Committee believes that the importance of retaining this flexibility outweighs the benefits of tax deductibility.

*Compensation Consultants.* Neither we nor the Remuneration Committee have any contractual arrangement with any compensation consultant or used the services of any compensation consultant who has a role in determining or recommending the amount or form of executive officer compensation.

*Role of Shareholder Say-on-Pay Votes.* We provide our shareholders with the opportunity to cast an annual, nonbinding advisory vote to approve executive compensation (a "say-on-pay proposal"). At our annual meeting of shareholders held on November 29, 2011, approximately 98% of the votes cast on the say-on-pay proposal at that meeting were voted in favor of the proposal. The Remuneration Committee considered the outcome of that advisory vote to be an endorsement of the Remuneration Committee's compensation philosophy and implementation. The Remuneration Committee will continue to consider the outcome of say-on-pay votes when making future compensation decisions for our named executive officers

## **Elements of 2012 Compensation**

*Base Salary.* Salaries for fiscal 2012 were determined in the first quarter of the 2012 fiscal year after a review of our peer group companies described above. Dr. Belamant and Mr. Kotzé received an increase of 5% and 6%, respectively, from fiscal 2011. Mr. Soma, our Vice-President – Information Technology, did not receive a base salary increase. Mr. Oh was paid in accordance with his employment agreement and did not receive an increase.

*Payments under Cash Incentive Award Plan.* During the second quarter of fiscal 2012, the Remuneration Committee established a cash incentive award plan for Dr. Belamant and Mr. Kotzé pursuant to which each of them would be eligible to earn a cash incentive award based on our fiscal 2012 financial performance and his individual contribution toward the achievement of certain corporate objectives.

The plan provided for a target level cash incentive award of 100% of the executive's base salary for fiscal 2012, 50% of which was to be based on achievement of the quantitative factors described below and 50% of which was to be based on the level of achievement of the qualitative factors described below.

The quantitative portion of the award provided for threshold, target and maximum amounts of 50%, 100% and 200% (for Dr. Belamant), or 50%, 100% and 150% (for Mr. Kotzé), respectively, of the executive's base salary multiplied by 0.50 (to reflect that 50% of the target award was based on the quantitative factors). The qualitative portion of the award was limited to 100% of the executive's base salary multiplied by 0.50 (to reflect that 50% of the target award was based on qualitative factors).

### **Quantitative Portion of the Cash Incentive Award Plan**

The quantitative portion of the cash incentive award plan was based on three quantitative metrics, with each metric to be measured and awarded separately:

- 30% of the quantitative portion of the cash incentive award plan is based on specified percentage increases in adjusted earnings before interest and taxes, in Korean won, of KSNET ("Adjusted KSNET EBIT") for fiscal 2012 as compared to fiscal 2011. The following increases in Adjusted KSNET EBIT entitle the executive to receive the following percentages of this portion of the award:
  - Less than 10% increase—0%
  - 10% increase (threshold)—50%
  - 15% increase (target) —100%
  - 25% increase (maximum)—200% for Dr. Belamant and 150% for Mr. Kotzé
  - Increases above 10% and below 25% are interpolated on a linear basis and rounded to the nearest percentage.
  
- 20% of the quantitative portion of the cash incentive award plan is based on specified percentage increases in our revenue as a whole, excluding Cash Paymaster Services (our pension and welfare business) and KSNET ("Net1 Revenue (ex CPS/KSNET)") for fiscal 2012 as compared to fiscal 2011. For this purpose, all revenue is denominated in ZAR but any portion of such revenue attributable to EasyPay, Net1 UETS, Net1 UTA, Prism, MediKredit and FIHRST that is earned in other currencies is converted to ZAR using the same exchange rates that prevailed in fiscal 2011. The following increases in Net1 Revenue (ex CPS/KSNET) entitle the executive to receive the following percentages of this portion of the award:
  - Less than 10% increase—0%
  - 10% increase (threshold)—50%
  - 15% increase (target)—100%
  - 25% increase (maximum)—200% for Dr. Belamant and 150% for Mr. Kotzé
  - Increases above 15% and below 25% are interpolated on a linear basis and rounded to the nearest percentage.
  
- 50% of the quantitative portion of the cash incentive award plan is based on the achievement of specified levels of fundamental diluted earnings per share for fiscal 2012. The following levels of fundamental diluted earnings per share entitle the executive to receive the following percentages of this portion of the award:
  - Below \$ 1.35—0%
  - \$ 1.35 (threshold)—50%
  - \$ 1.50 (target)—100%
  - \$ 1.70 (maximum)—200% for Dr. Belamant and 150% for Mr. Kotzé
  - Fundamental EPS above \$1.35 and below \$1.70 is interpolated on a linear basis and rounded to the nearest percentage.

## Quantitative Portion of the Cash Incentive Award Plan—Potential and Actual Payments

After the close of fiscal 2012, the Remuneration Committee met and determined each element of the Company's financial performance described above and each executive's contribution toward the progress against the qualitative objectives. Based on the financial performance factors, the Remuneration Committee determined to award Dr. Belamant and Mr. Kotzé cash incentive payments of \$215,688 and \$114,187, respectively, in respect of the quantitative portion of the cash incentive award plan. Overall, these amounts represent 48% of the potential target amount of the quantitative portion of the award for each executive.

## Qualitative Portion of the Cash Incentive Award Plan

Each of Dr. Belamant and Mr. Kotzé were entitled to receive up to 50% of his annual base salary based on his individual contribution toward the achievement of the following Company-wide objectives no later than August 2012 (which is the scheduled time during the year that the Remuneration Committee reviews performance against the qualitative metrics of our cash incentive award plan):

- submission to the Board of a new strategic plan outlining alternative business scenarios with an analysis of each scenario, together with a revised organizational structure to support each scenario;
- approval of such plan and structure by the Board;
- successful recruitment of new management employees to fill the positions identified in the strategic plan and organizational structure; and
- completion of at least one visit to the United States to meet with shareholders and investors.

After the close of fiscal 2012, the Remuneration Committee considered whether to make payments in respect of the qualitative portion of the cash incentive award plan. The Remuneration Committee determined that each of Dr. Belamant and Mr. Kotzé is entitled to receive 50% of the qualitative portion of the cash incentive award in recognition of their submission to the Board of a new strategic plan outlining alternative business scenarios with an analysis of each scenario, together with a revised organizational structure to support each scenario and completing at least one visit to the United States to meet with shareholders and investors.

*Conditional Guaranteed and Incremental Bonus for Mr. Oh.* Mr. Oh met his conditional guaranteed bonus target and therefore an amount of \$181,121 was paid to him for fiscal 2012. Mr. Oh did not meet his conditional incremental bonus target and therefore no incremental bonus was paid to him for fiscal 2012.

*Bonus.* Bonuses may be awarded for accomplishments during the fiscal year and are designed to be commensurate with the executive's scope of responsibilities, demonstrated leadership abilities, management experience and effectiveness. Likewise, with respect to Dr. Belamant and Mr. Kotzé, bonuses may be paid for performance based on factors external to the ones considered in determining the payment of the cash incentive awards described above. Bonuses are determined by the Remuneration Committee with advice from the management directors (in the case of executives other than Dr. Belamant and Mr. Kotzé), based upon the Remuneration Committee's assessment of the individual's contributions during the year, compared to, but not limited to, a list of individualized goals previously approved by the executive officers and the Remuneration Committee. The goal of this element of compensation focuses on motivating and challenging the executive to achieve superior, longer term, sustained results.

Mr. Soma, our Vice-President – Information Technology received a bonus of \$72,000 for fiscal 2012 as a result of his oversight of various software development projects, including the UEPS/EMV application for MasterCard-branded SASSA cards; oversight of the deployment of UEPS/EMV enabled hardware and software related to our SASSA contract during the implementation phases; and continuing oversight of the information technology component of our Sarbanes Oxley compliance.

In February 2012, our Board awarded special cash bonuses of \$2,000,000, \$1,200,000 and \$400,000, and restricted stock awards (described below under "Elements of 2012 Compensation—Equity Incentive Awards" on page 24), to Dr. Belamant, Mr. Kotzé and Mr. Soma, respectively, related to the SASSA tender award and subsequent contract. The awards were made after lengthy consideration by the Remuneration Committee of all the relevant facts and motivations and approved unanimously by the Remuneration Committee which comprised all the non-employee members of the Board, including a representative of our second largest shareholder. These awards were discussed and approved only after the SASSA tender had been awarded to us and we had signed the new contract with SASSA.

These significant awards were made to recognize the enormous effort by these executive officers in securing the tender and concluding a contract with SASSA. In particular, the awards recognized:

- technological enhancements devised to deliver the contracted services on the scale required;
- innovative new biometric verification processes developed specifically to handle the difficult transition period from multiple service providers to a sole service provider in all nine provinces without disrupting the grant payment process or compromising the security of that process;
- complex operational procedures developed for the multiple logistical variables required in terms of the service level agreements concluded with SASSA;
- the solutions devised to safely and effectively co-ordinate the Grindrod Bank Limited, South African Reserve Bank and MasterCard interfaces with us and SASSA;

- the operational and legal strategies developed by the executive officers with our advisors on a scenario analysis basis to enable us to respond effectively to virtually all identified variables and outcomes for the full period of the tender award; and
- the innovative strategies developed by the executive officers to leverage the account base of over 10 million grant recipients over the forthcoming five year period.

*Equity Incentive Awards.* In August 2011, Mr. Soma was awarded options to purchase 35,000 shares of common stock. These options are exercisable at a price of \$6.59 per share, which was the closing price of our common stock on the Nasdaq Stock Market on August 26, 2011. In October 2011, Dr. Belamant and Mr. Kotzé were awarded options to purchase 112,000 and 60,000 shares of common stock, respectively. These options are exercisable at a price of \$7.98 per share, which was the closing price of our common stock on the Nasdaq Stock Market on October 28, 2011. One-third of the options awarded to Dr. Belamant, Mr. Kotzé and Mr. Soma vest on each of the first, second and third anniversaries of the grant date and expire ten years after the grant date, conditioned on the continuous service of the recipient through the applicable vesting date.

In February 2012, in connection with the special cash bonuses described above under “Elements of 2012 Compensation—Bonus” on page 23, Dr. Belamant, Mr. Kotzé and Mr. Soma were awarded 275,000, 165,000 and 55,000 shares of restricted stock, respectively. One-third of the award shares vest on the first, second and third anniversaries of the grant date, conditioned on the continuous service of the recipient through the applicable vesting date. The restricted stock was granted specifically to drive the executive officers to excel in the transitional period for the taking over of all nine provinces and thereafter with excellence in service delivery and the deployment of the new technologies.

Finally, the performance target, of \$1.44 fundamental earnings per share for fiscal 2011, related to the first tranche of restricted stock granted in November 2010 was met and accordingly 16,666 and 11,000 shares of our common stock vested in Dr. Belamant and Mr. Kotzé, respectively, in November 2011.

*Other.* We provide on-site residential security services for Dr. Belamant consisting of two armed guards. These services are provided based on bona fide business-related security concerns and are an integral part of our overall risk management program. The Board believes that provision of these security services is a necessary and appropriate business expense because Dr. Belamant’s personal safety and security are of the utmost importance to us and our shareholders. These security services may be viewed as conveying a personal benefit to Dr. Belamant. Under Mr. Oh’s employment agreement, he is entitled to reimbursement for mandatory national health insurance, national pension and school fees and is entitled to the use of an automobile.

### **OPTION EXERCISES AND STOCK VESTED <sup>(1)</sup>**

There were no stock options exercised by our named executive officers during fiscal 2012. The following table shows all stock awards that vested during fiscal 2012.

<b>Name</b>	<b>Stock Awards</b>

Dr. Serge C.P. Belamant	16,667	126,003
Herman G. Kotzé	11,000	83,160
Phil-Hyun Oh	-	-
Nitin Soma	-	-

- (1) Includes only those columns relating to stock awards held by our named executive officers that vested in fiscal 2012. All other columns have been omitted.
- (2) The value realized on vesting is calculated as the closing price of our common stock on the vesting date multiplied by the number of common shares of restricted stock that vested.

### **POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL**

As described above under “Compensation Discussion and Analysis”, we do not have employment, severance or change of control agreements with named executive officers, other than the employment agreement with Mr. Oh. In addition, none of our outstanding equity awards include provisions for accelerated vesting upon a change in control of the Company or termination of employment following such a change in control.

Under the terms of Mr. Oh’s employment agreement, if he is removed from office as a director of KSNET without justifiable cause, he is entitled to receive the amounts of base salary and the bonus (if any) that would have been due and payable to him if he was fully employed with us for the remainder of the then-current fiscal year. The term “justifiable cause” includes any of the following circumstances, as well as any other circumstances permitted under applicable law:

- Mr. Oh has breached the provisions on non-competition or confidentiality of the employment agreement;
- Mr. Oh has taken actions that are likely to result in a material loss of or harm to the business, reputation or goodwill of KSNET;
- Mr. Oh has misappropriated funds or assets of KSNET;

- Mr. Oh has concealed from or falsely disclosed to KSNET his name, age, education, experience, or other personal information;
- Mr. Oh has failed to show performance results or job capacity;
- Mr. Oh has committed a crime or offense which will adversely affect the interest or reputation of KSNET; or
- Mr. Oh has committed gross negligence, willful misconduct or any violation of laws in performance of his duties.

Assuming that Mr. Oh was removed from office as a director of KSNET without justifiable cause on the last day of fiscal 2012, i.e., June 30, 2012, Mr. Oh would not have been entitled to receive any cash severance because he would have already received all amounts of base salary and bonus for the fiscal year.

Mr. Oh is also entitled to a severance payment equal to 300% of his monthly base salary for each completed year of service at KSNET. Using exchange rates applicable as of June 30, 2012, and five years of completed service, Mr. Oh would be entitled to a severance payment of \$424,503.

Except as described above with respect to Mr. Oh, there would be no compensation, other than that prescribed by local labor laws in the case of unfair dismissal or retrenchment, that would become payable under the existing plans and arrangements if the employment of any of our named executive officers had terminated on June 30, 2012.

We do not have any ongoing obligation to provide post-termination benefits to our named executive officers after termination of employment.

## **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

### **Review, Approval or Ratification of Related Person Transactions**

We review all relationships and transactions in which we and our directors and named executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Our Chief Executive Officer and Chief Financial Officer are primarily responsible for the development and implementation of processes and controls to obtain information from the directors and named executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether we or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to us or a related person are disclosed in our proxy statement. In addition, our Audit Committee reviews and approves or ratifies any related person transaction that is required to be disclosed. In the course of its review and approval or ratification of a disclosable related party transaction, our Audit Committee considers:

- the nature of the related person's interest in the transaction;
- the material terms of the transaction, including, without limitation, the amount and type of transaction;
- the importance of the transaction to the related person;
- the importance of the transaction to us;
- whether the transaction would impair the judgment of a director or executive officer to act in our best interest; and

- any other matters the committee deems appropriate.

Any member of the Audit Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction, provided, however, that such director may be counted in determining the presence of a quorum at a meeting of the committee that considers the transaction.

### **Related Party Transactions**

Pursuant to the relationship agreement, dated January 25, 2012, among Business Venture Investments No 1567 (Proprietary) Limited (RF) (“BVI”), Mosomo Investment Holdings (Proprietary) Limited, Mr. Mosehla and us, we granted BVI an option to acquire 8,955,000 shares of our common stock at an exercise price of \$8.96 per share. The option had not been exercised as of the date of this proxy statement.

BVI is also entitled to designate one nominee to our Board provided it holds more than 10% of our outstanding common stock. The right to have the BVI nominee serve on the Board shall cease at such time as BVI, together with its affiliates, owns less than 10% of our outstanding common stock or upon the occurrence of a trigger event as defined in the relationship agreement. Mr. Mosehla currently serves on our Board by invitation.

We engaged the services of PBel (Pty) Ltd, or PBel, to perform software development services during fiscal 2012, primarily software utilized on mobile phones for our Mobile Virtual Card initiative, as well as software for our EasyPay cash-accepting kiosks and our new EasyPay website. All software developed by PBEL is our property. Prior to our recent acquisition of PBel described below, PBel was jointly owned by Dr. Belamant and his son, Mr. Philip Marc Belamant. Dr. Belamant is a non-employee director of PBEL and Mr. Philip Marc Belamant is its chief executive officer. Prior to our recent acquisition of PBel, Mr. Philip Marc Belamant was not employed by us. The PBEL transactions were approved by our Audit Committee and thus Dr. Belamant did not participate in the Board’s decision to engage PBEL. We paid PBEL approximately \$0.8 million for software development services during the year ended June 30, 2012. As of June 30, 2012, our accounts payable included \$0.08 million owed to PBEL.

On September 14, 2012, we acquired PBel for ZAR 32 million (approximately \$4 million based on exchange rates on September 14, 2012). ZAR 22 million of the purchase price was paid in cash and the remaining ZAR 10 million will be paid in 142,236 shares of our common stock, subject to the achievement of predefined PBel financial performance milestones over the next three years. The 142,236 shares are divided into three equal tranches of 47,412 shares and the sellers will be entitled to receive the shares for each tranche only if the milestones for that particular tranche are achieved. However, the sellers will be entitled to receive all 142,236 shares if the cumulative predefined PBel projected profit over the next three years is achieved or if we decide to abandon our VCC initiative.

We believe that the acquisition of PBel is an important step in the execution of our corporate strategy to develop and commercialize our worldwide virtual card patents and supply secure, leading edge technological solutions to the global payments market, with particular focus on mobile-based payment solutions. Mr. Philip Marc Belamant, in his capacity as Managing Director of Mobile Solutions, will oversee our Virtual Card, Kiosk, Web and WAP application research and development activities and the connected global business development initiatives.

Our Audit Committee reviewed and approved the acquisition of PBel, and thereafter the entire Board unanimously approved the transaction. Because the Audit Committee is composed entirely of independent directors, Dr. Belamant was not involved in the review of, or the decision to approve, the transaction, although he did offer the Audit Committee his views regarding the potential benefits of the transaction to us.

Even though the acquisition was quantitatively insignificant, the Audit Committee followed an intensive acquisition process due to the fact that the acquisition was a related party transaction. This process included, among other things, lengthy discussion by the Audit Committee and our management regarding the rationale for the transaction, appointment of independent external transaction advisors, direct discussions with PBel management, appointment of external advisors to perform legal, accounting and tax due diligence and the appointment of external advisors to perform an independent valuation of PBel.

Pursuant to the stock purchase agreement, dated July 18, 2005, among the investment entities affiliated with GA, us and certain other parties, GA is entitled to designate one nominee to our Board. This designee was Mr. Tinsley until his resignation on June 30, 2012. General Atlantic is currently not exercising that right.

### **Pre-Approval of Non-Audit Services**

Pursuant to our Audit Committee charter, our Audit Committee reviews and pre-approves both audit and non-audit services to be provided by our independent auditors. The authority to grant pre-approvals of non-audit services may be delegated to one or more designated members of the Audit Committee whose decisions will be presented to the full Audit Committee at its next regularly scheduled meeting. During fiscal years 2012 and 2011, all of services provided by Deloitte with respect to fiscal years 2012 and 2011 were pre-approved by the Board and the Audit Committee.

## **AUDIT COMMITTEE REPORT**

The Audit Committee of the Board consists of three independent directors, as required by Nasdaq listing standards. The Audit Committee operates under a written charter adopted by the Board and available on our website at [www.net1.com](http://www.net1.com) under the “Investor Relations – Governance” section. The Audit Committee is responsible for overseeing our financial reporting process on behalf of the Board. The members of the Audit Committee are Messrs. Seabrooke, Pein and Edwards. The Audit Committee selects, subject to shareholder ratification, our independent registered public accounting firm.

Management is responsible for our financial statements and the financial reporting process, including internal controls. The independent registered public accounting firm is responsible for performing an independent audit of our consolidated financial statements in accordance with auditing standards generally accepted in the United States and of our internal control over financial reporting and for issuing a report thereon. The Audit Committee’s responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and Deloitte. Our Chief Executive Officer and Chief Financial Officer represented to the Audit Committee that the consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the committee reviewed and discussed the consolidated financial statements with our Chief Executive Officer and Chief Financial Officer and Deloitte. The Audit Committee discussed with Deloitte the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU §380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. These matters included a discussion of Deloitte’s judgments about the quality (not just the acceptability) of our accounting principles as applied to our financial reporting.

Deloitte also provided the Audit Committee with the written disclosures and letter required by applicable requirements of the PCAOB regarding Deloitte’s communications with the Audit Committee concerning independence, and the Audit Committee discussed with Deloitte the firm’s independence. The Audit Committee further considered whether the provision by Deloitte of the non-audit services described above is compatible with maintaining the auditors’ independence.

Based upon the Audit Committee’s discussion with management and Deloitte and the Audit Committee’s review of the representations of management and the disclosures by Deloitte to the Audit Committee, the Audit Committee recommended to the Board that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended June 30, 2012, for filing with the SEC.

## **SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table presents, as of September 26, 2012, information about beneficial ownership of our common stock by:

- each person or group of affiliated persons who or which, to our knowledge, owns beneficially more than 5% of our outstanding shares of common stock;
- each of our directors and named executive officers; and
- all of our directors and executive officers as a group.

All shares of common stock, including that common stock underlying stock options that are presently exercisable or exercisable within 60 days after September 26, 2012 (which we refer to as being currently exercisable) by each person are deemed to be outstanding and beneficially owned by that person for the purpose of computing the ownership percentage of that person, but are not considered outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, to our knowledge, each person listed in the table below has sole voting and investment power with respect to the shares shown as beneficially owned by such person, except to the extent applicable law gives spouses shared authority.

## **ADDITIONAL INFORMATION**

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Exchange Act requires that our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, file reports of ownership and changes in ownership with the SEC and provide us with copies of such reports. We have reviewed such reports received by us and written representations from our directors and executive officers. Based solely on such review and representations, we believe that all filings requirements applicable to our executive officers, directors and more than 10% shareholders were complied with during fiscal year 2012; however we identified five filings that were not made on a timely basis. Mr. Oh was late in filing his Form 3 and Mr. Ball filed two Forms 4 late. In addition, Dr. Belamant and Mr. Kotzé were each late filing one Form 4 related to the forfeiture back to us of restricted stock that did not vest.

### **Annual Report on Form 10-K**

A copy of our annual report on Form 10-K (without exhibits) for the fiscal year ended June 30, 2012, is being distributed along with this proxy statement. We refer you to such report for financial and other information about us, but such report is not incorporated in this proxy statement and is not deemed to be a part of the proxy solicitation material. It is also available on our website ([www.net1.com](http://www.net1.com)). In addition, the annual report (with exhibits) is available at the SEC's website ([www.sec.gov](http://www.sec.gov)).

### **Shareholder Proposals for the 2013 Annual Meeting**

Qualified shareholders who wish to have proposals presented at the 2013 annual meeting of shareholders must deliver them to us by June 5, 2013, in order to be considered for inclusion in next year's proxy statement and proxy pursuant to Rule 14a-8 under the Exchange Act. Shareholders who intend to present an item of business for our 2013 annual meeting of shareholders (other than a proposal presented for inclusion in next year's proxy statement and proxy pursuant to Rule 14a-8) must provide notice of such business to us by June 5, 2013, as set forth more fully in Sections 2.08 and 4.16 of our Amended and Restated By-Laws. All proposals and nominations must be delivered to us at our principal executive offices at P O Box 2424, Parklands 2121, Gauteng, South Africa.

### **Householding of Proxy Materials**

We have adopted a procedure approved by the SEC called "householding." Under this procedure, multiple shareholders who share the same last name and address will receive only one copy of the annual proxy materials, unless they notify us that they wish to continue receiving multiple copies. We have undertaken householding to reduce our printing costs and postage fees.

If you wish to opt-out of householding and receive multiple copies of the proxy materials at the same address, you may do so at any time prior to 30 days before the mailing of proxy materials, which typically are mailed at the end of October of each year, by notifying us in writing at: Net 1 UEPS Technologies, Inc., P O Box 2424, Parklands 2121, Gauteng, South Africa, Attention: Corporate Secretary. You also may request additional copies of the proxy materials by notifying us in writing at the same address.

If you share an address with another shareholder and currently are receiving multiple copies of the proxy materials, you may request householding by notifying us at the above-referenced address.

**Other Matters**

The Board knows of no other matters that will be presented for consideration at the annual meeting. Return of a valid proxy, however, confers on the designated proxy holders the discretionary authority to vote the shares in accordance with their best judgment on such other business, if any, that may properly come before the meeting or any adjournment or postponement thereof.

By Order of the Board of Directors,

---
