PART III — NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Net 1 UEPS Technologies, Inc. (the "Company") has experienced unexpected delays in the filing of its Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2018 (the "Form 10-Q") within the prescribed time period due to the circumstances described below. The delays could not be eliminated without unreasonable effort or expense.

As disclosed in its Current Report on Form 8-K filed with the Securities and Exchange Commission on November 8, 2018, the Company's previously issued consolidated financial statements as of and for the year ended June 30, 2018 should no longer be relied upon due to the Company's re-evaluation of the classification of its investment in Cell C Proprietary Limited ("Cell C"). Although the Company elected the fair value option on acquisition of its investment in Cell C, an unlisted company, this investment was incorrectly presented as available-for-sale and the change in its fair value of \$25.2 million, net of taxation of \$7.3 million, was incorrectly recorded in other comprehensive income for the year ended June 30, 2018. The investment in Cell C should have been accounted for at fair value with changes in fair value recorded in the statement of operations. The Company's restated consolidated financial statements will reflect the changes in fair value of the investment in Cell C in the consolidated statement of operations.

The Company intends to file an amended Annual Report on Form 10-K for the year ended June 30, 2018 (the "Form 10-K/A") to restate its consolidated financial statements as of and for the year ended June 30, 2018, and to revise selected financial data for the year ended June 30, 2018 and the quarterly information for fiscal 2018 to reflect these change, in each case to reflect the correction of this error. Additionally, the Company is reassessing the effectiveness of the Company's internal control over financial reporting in light of the errors described above.

The Company is working to prepare the Form 10-K/A and complete the restatement and revisions described above as soon as practicable and, therefore, is not able to complete its interim unaudited financial statements and file the Form 10-Q on or prior to the due date without unreasonable effort or expense. The Company currently expects that it will be able to conclude the remaining work in time to file the Form 10-Q within the five day extension period provided by Rule 12b-25.
